Dear Sirs:

At the request of our District Governor, David Ker, we have embarked on an exploratory program to look into the possibility of starting a new Probus club in Greater Vancouver area.

We had our initial meeting today and there is to be a follow up meeting in two weeks. Would you put us on your mailing list for the Probus Letter and would you send us a copy of the Probus Constitution.

Any other thoughts you may have or suggestions as to how we might encourage the development of this new club would be appreciated.

Sincerely,

Tom Calkin,  
President.
